

## Florent Cuer

---

Location – Bristol, UK | Nationality – New Zealand / French | Right to Work – Pre-Settled Status

### Statement

---

I'm making a career change into software development as I enjoy coding and get a lot of satisfaction when problem solving. I have a thorough attention to detail, which will be an asset in my software development career. I have proven to be efficient and effective at solving problems in my previous job roles and I'm a driven person with the ability to learn quickly.
